Article 3.2	Network Protection Technical File		Test Report 17E5078-2c	Pass

Notified Body: Compliance Engineering Ireland. No. 1595. All measurements have been done to give presumption of conformity to RED.

We hereby declare that all essential radio test suites have been carried out and that the above named product is in conformity to all the essential requirements of Directive 2014/53/EU/RED for terminal equipment.

2014/35/EU Low Voltage Directive ----- 2014/30/EU Electromagnetic Compatibility Directive ----- 2014/53/EU/RED Directive

The power limits are within the relevant EU standards 2008/477/EU – 2010/267/EU – 2011/251/EU – 2012/688/EU – 2014/276/EU – 2016/687/EU.

The product should be identified by the respective **CE**

- This equipment is a DAS combiner splitter for marine and on land applications, it is an accessory and part of the GSM end user equipment and thus "end user equipment" or "terminal equipment".
- This equipment is neither a radio transmitter using radio frequency spectrum nor part of the GSM operator infrastructure, it is an interface for the 2G GSM, 3G UMTS, 4G LTE and 5G end user or terminal equipment (CPE) for use in all EU countries.
